

OSHA Eye-wash Station Inspection Checklist

Use our OSHA eye-wash station inspection checklist as a starting point to customize yours to fit your business.

In construction, accidents happen. When chemicals or debris threaten someone's vision, every second counts.

That's where properly functioning eye-wash stations become vital heroes, offering immediate relief and potentially preventing irreversible damage.

This OSHA Eye-wash Station Inspection Checklist empowers you to proactively verify your stations' readiness, fulfilling regulations and protecting your most valuable asset – your team's well-being.

Instructions: Conduct this inspection weekly following OSHA guidelines (ANSI Z358.1-2014). Report any issues promptly for immediate repair or replacement.

OSHA Eye-wash Station Inspection Checklist

Location and Accessibility:

- Clearly marked and readily accessible within 10 seconds of potential hazards (Yes/No)
- No obstructions blocking access path (Yes/No)
- Adequate open space around the station for unimpeded use (Yes/No)

Water Flow and Pressure:

- Activate station and verify immediate water flow within 1 second (Yes/No)
- Flow pattern delivers water to both eyes simultaneously (Yes/No)
- Continuous, gentle flow for at least 15 minutes (Yes/No)
- Water temperature tepid (between 50°F and 90°F) (Yes/No)

Station Features and Maintenance:

- Spray heads protected from dust and debris (Yes/No)
- No leaks or visible damage to components (Yes/No)
- Bowl or drainpan clean and functional (Yes/No)
- Inspection log up-to-date with recorded dates and corrective actions (Yes/No)

Signage and Visibility:

- Clearly identified with "Eye-wash Station" signage (Yes/No)
- Signage readable and visible from a distance (Yes/No)
- Emergency procedures for eye injury posted near the station (Yes/No)

Additional Notes:

Inspector: _____ Date: _____

Protecting Vision, Securing Peace of Mind:

By diligently completing this OSHA Eye-wash Station Inspection Checklist, you proactively invest in your team's safety and well-being.

Every checked box represents a potential emergency averted, a vision protected, and a testament to your unwavering commitment to a safe and productive work environment.

Remember, readily accessible and functioning eye-wash stations are not just compliance requirements; they are silent guardians, standing ready to offer critical aid when it matters most.

Make this checklist your partner in vision safety, one inspection at a time.
